Investment Plan

Example

This is simplified Investment Plan.

For every crypto currency I also provide explanation WHY we have it in portfolio and what are the next big steps for the project.

I explain WHY to choose concrete crypto exchanges.

I guide you how to securely safe your crypto portfolio on COLD Storage device. And how to back up it.

I share with you my future expectations about price levels per coin and WHY.

I will notify you anytime I see good opportunity to sell certain part of portfolio. Keep in mind that we don't day trade. We invest for several years to get maximum benefits.

Happy to work with you! Petr
