Crypto Currencies & Blockchain Investments Adviser

Paid Advisory

The meaning of my service is to guide you in the world of crypto currencies' investments.

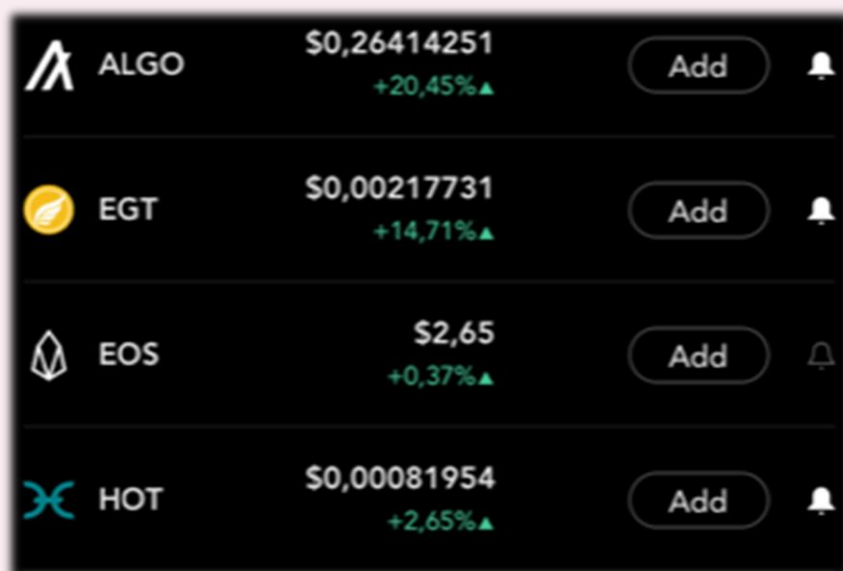

I don't get any provisions from companies or crypto projects so that I don't have personal interest to sell advertised coins.

I always search for the best solution for your current investment horizon and targets. It's you who pay me.

For your money I will lead you through crypto currencies investments, prepare the investment plans, evaluate your investment ideas and together we will select the most promising portfolio for upcoming 2 – 6 years.

I offer outstanding services, which are based on 8+ years of experience in crypto and blockchain world.

BTW: Being 8 or more years in this type of business is considered as veteran.

Crypto Investment Portfolio

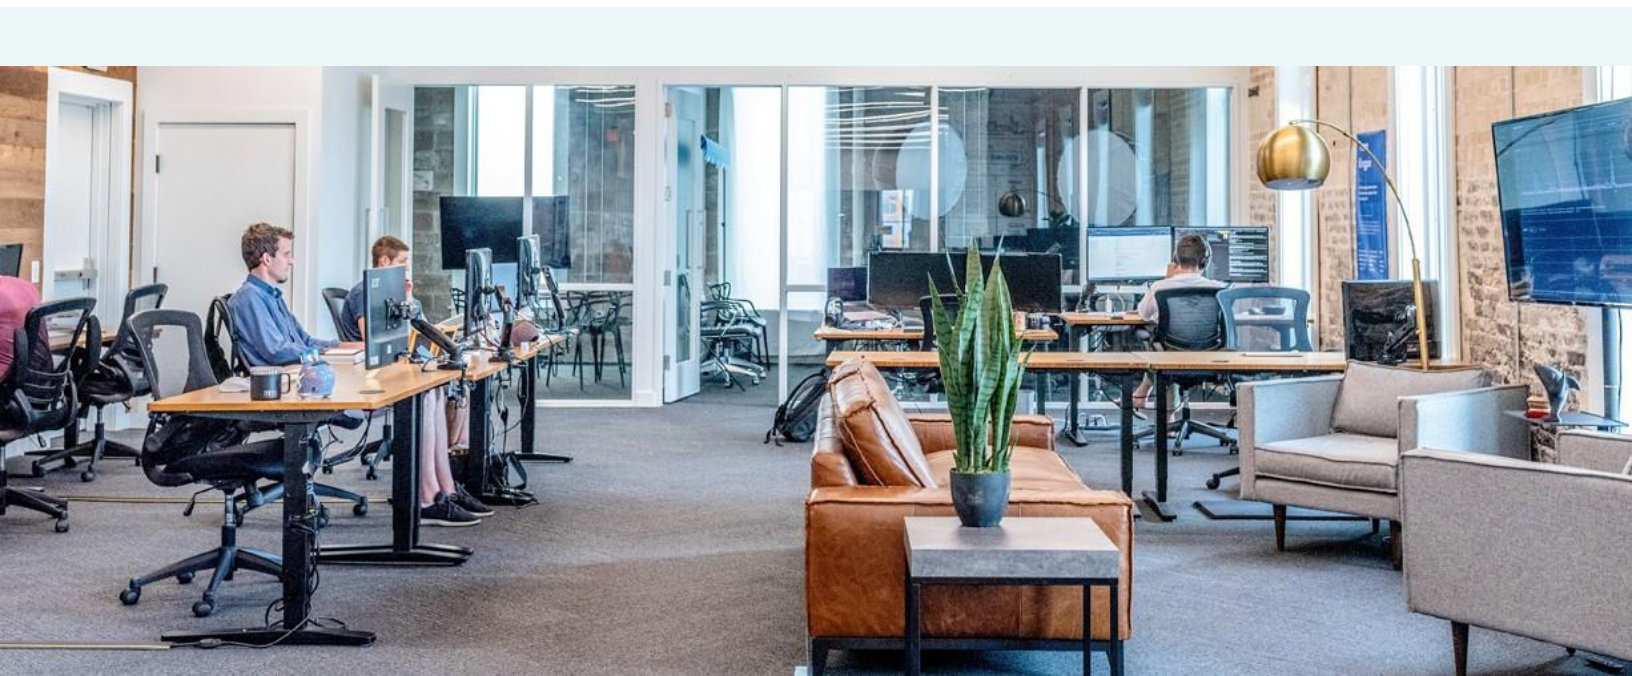

We will evaluate how much do you want to invest.

I prepare the complex plan & services:

- to which coins to invest and WHY
- % share of each coin in your portfolio
- which crypto exchanges to use for buy, sell and bank account withdrawals
- where and how to keep your crypto coins safe
- what % gain and profit to expect and WHY
- when to possibly sell your coins and how many coins to keep
- every year or on demand evaluation of current market opportunities and investment healthiness check, consultancy and assistance (max. 10 hours / Year)
